

L Series

Dual Color LN4 Lighthouse

TTI's L series lighthouses provide unrivaled output and performance. The LN4's discreet profile and small footprint allow mounting in tight spaces, while the state of the art software provides several built-in flash patterns as well as smart-siren / external flasher driven functionality.

FEATURES:

- Low profile, discreet design
- Linear optics provide unrivaled output
- 68 Built in flash patterns
- Smart-Siren / external flasher friendly
- PWM Capable
- Independent control of both colors
- Hard coated, UV stabilized polycarbonate lens resists damage caused by harsh environmental conditions and / or road conditioning chemicals
- Synchronizable (up to 8) in either simultaneous or alternating flash modes
- Reverse polarity protection
- LEDs rated for over 100,000 hours of operation
- Aluminum base dissipates heat efficiently
- Jacketed wire harness protect individual function wires
- Surface mount via two screws for easy installation

SPECS:

- Voltage: 10 ~ 30VDC
- LED Count: 12
- Amperage: Avg: 0.3A - Peak: 0.7A
- Dimensions: 3.55" L x 0.66" H x 0.53" D
- Certifications:
 - SAE J595 Class 1
 - IP67 / IP69K
- Warranty: 7 Years

PART NUMBER: LN4 - ** (list first letter of colors)
Example: LN4-RW (Red / White)
