

L Series

Tri-Color Octa-Fit Lighthouse

TTI's L series lighthoods provide unrivaled output and performance. The Octa-Fit flush mount lighthouse emits maximum warning power from a minimal footprint. State of the art software provides a robust selection of built-in patterns while also allowing control via external flasher / smart-siren.

FEATURES:

- Low profile, flush mount design
- Linear optics provide unrivaled output
- Available with smoked lens
- 24 Built in flash patterns (warning)
- Smart-Siren / external flasher friendly
- PWM Capable
- Independent control of all colors
- Hard coated, UV stabilized polycarbonate lens resists damage caused by harsh environmental conditions and / or road conditioning chemicals
- Synchronizable in either simultaneous or alternating flash modes
- Reverse polarity protection
- LEDs rated for over 100,000 hours of operation
- Aluminum base dissipates heat efficiently
- Jacketed wire harness protect individual function wires
- Ridged rubber grommet ensures tight fit

SPECS:

- Voltage: 10 ~ 30VDC
- LED Count: 9
- Amperage: Avg: 0.4A - Peak: 0.8A
- Dimensions: Diameter: 1.51" Depth: 1.57"
- Certifications:
 - SAE J595 Class 1
 - IP67 / IP69K
- Warranty: 7 Years

PART NUMBER: OFL9 - *** (list first letter of colors)
Example: OF9-RBW (Red / Blue / White)

Available color combinations:
